CALL FOR PAPERS

The fourth International Conference on Digital Economy (ICDEc) will be held in Beirut (Lebanon) from April 15th to 18th 2019.

The purpose of the Conference is to promote innovative research that highlights the impact of emerging technologies on Business, Management and Economy.

The conference team invites researchers from the whole World to submit contributed papers, case studies and special topic session proposals. Submissions should focus on technological or business/economic concerns.

Topics

Emerging technologies: Web Intelligence Technologies, Big Data and Data Science, Knowledge Discovery and Management, Intelligent Agent Systems, Web Security, uncertainty management etc.

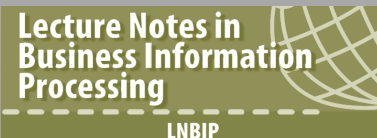

Business innovation: Digital transformation processes in the private and public sectors, E-Governance, E-Commerce, Digital Marketing, E-Finance, E-Learning and Cloud Education, E-Health etc.

Types of contributions

Full papers (up to 14 pages), Short papers (up to 6 pages), Demo/case studies papers (up to 6 pages) and Posters.

Publication

All accepted and presented contributions will be published in a Springer LNBIP volume. Conference proceedings of ICDEc 2017 and 2018 are already available in the digital library of Springer.
